

Student Name: Panchal Heer

Subject : C Programming

Session : 1 – What is Programming?

Topic: Program Definition and Real-Life Example

Task 1 : Write a short paragraph in your own words defining what a 'program' is and give one real-life example from any app you use daily (like Instagram, Zomato, or Paytm).

Answer :

A program is a set of instructions written in a programming language that tells a computer what to do. It helps the computer perform specific tasks quickly and accurately. For example, when I use Zomato to order food, the program processes my search, shows nearby restaurants, calculates the total bill, and places my order successfully.

Conclusion :

This assignment helped me understand what a program is and how programs are used in daily applications like Zomato.

Topic: Programming Languages and Their Execution Type

Task 2 : List three popular programming languages you have heard of, and for each, mention whether it is usually compiled, interpreted, or can be both.

Answer :

Programming Language	Execution type
C	Compiled
Python	Interpreted
Java	Both (Compiled and Interpreted)

Topic: Flowchart for Booking a Movie Ticket on BookMyShow

Task 3 : Draw a flowchart (on paper or using any online tool) for the process of booking a movie ticket on BookMyShow, starting from opening the app to receiving the booking confirmation.

Answer :

Oval : Start, End

Rectangle : Process

Diamond : Decision

Arrow : For Connectivity

(START)

|

[Open BookMyShow App]

|

[Select Movie]

|

[Choose City & Theatre]

|

[Select Date & Show Time]

|

[Choose Seat(s)]

[Proceed to Payment]

◇ Payment Successful? ◇

Yes

No

[Receive Booking] [Retry Payment]

[Confirmation]

(END)

Topic: Algorithm for Ordering Food on Swiggy

Task 4 : Write down the steps (as an algorithm, using simple numbered instructions) for ordering food on Swiggy — from opening the app to completing payment.

Answer : Algorithm

- i. Start.
- ii. Open the Swiggy application.
- iii. Log in to your account (if required).
- iv. Enter or confirm the delivery location.
- v. Search for the preferred restaurant.
- vi. Select the desired food item(s).
- vii. Add the selected item(s) to the cart.
- viii. Review the order details.
- ix. Proceed to checkout.
- x. Choose the preferred payment method.
- xi. Complete the payment successfully.
- xii. Receive the order confirmation.
- xiii. Stop.
